

Enjoying our nature reserves

Help us to protect these special places

To ensure that you have a safe and enjoyable visit and to help us protect our reserves, please remember the following:

- Leave plants, animals and birds undisturbed, especially during the breeding season (spring/summer)
- Make no unnecessary noise
- Respect other visitors
- Keep to the footpaths where possible
- Close gates after you
- Avoid disturbing livestock, they are important for the management of the reserves
- Keep dogs under close control and take dog waste home for disposal
- Take your litter home
- Guard against all risks of fire
- Take special care to protect yourself from injury or harm

Please help us by providing feedback on your visit. If you see anything of interest or have any comments to make concerning your visit, please contact us on 01727 858901 or info@hmwtd.org.
