

Herts and
Middlesex

In Lieu of Flowers...

... for the future of wildflowers

Traditionally we pay respect to our departed loved ones through a gift of flowers. However, cut flowers last only days whilst wildflowers live forever.

Herts and Middlesex Wildlife Trust has been safeguarding the wildlife in our two counties for over forty years. We want to be doing the same for many years to come. Please help us to protect orchids in summer meadows and bluebells in ancient woodlands by making a donation in lieu of flowers - a gift that will continue to blossom year after year.

We manage 43 nature reserves, supported by a growing membership. Our vision is for an environment rich in wildlife for everyone. To achieve this, we're dedicated to working with our partners, influencing planning, advising others, supporting our nature reserves and inspiring people to discover more about the natural world.

Protecting **wildlife** for the future
