

Petition Fish

We got the Marine Bill passed; now we must make sure government acts on it

Help us to protect the UK's sealife

The UK's seas are stressed, but could become some of the most productive and wildlife-rich on earth. The government has the power to help them recover.

We are urging ministers to create 127 Marine Conservation Zones, but we need your help. Sign our petition:

- Text FISH with your name and postcode to 60777*
- Sign online at <http://www.wildlifetrusts.org/petitionfish>

Watch videos of [Chris Packham](#) and [Nick Baker](#) explaining why it is so important to act now.

You can also [follow Bernard the Gurnard](#), the Wildlife Trusts' Petition Fish mascot, to get the latest news.

**We won't pass on your contact details to any third party, but may use them to update you on the campaign and ask for your support. To opt out of this, email optout@wildlifetrusts.org*
