

About Us

Herts and Middlesex Wildlife Trust is the only local charity in Hertfordshire and Middlesex dedicated solely to protecting wildlife and wild spaces, engaging our diverse communities through access to nature reserves, campaigning, volunteering and education. We manage 43 nature reserves, campaign to save important wildlife habitats and organise volunteering programmes and wildlife education work. We have 20,500 members and our professional staff are supported by hundreds of volunteers who give their time generously.

Alongside this, we are grateful for the continued support of members as well as the grants, donations and legacies we receive – all of which underpin our work. There are 47 local Wildlife Trusts across the whole of the UK, the Isle of Man and Alderney, working for an environment rich in wildlife for everyone. With 765,109 members, together we make up the largest voluntary organisation dedicated to conserving the full range of the UK's habitats and species. 2,256 nature reserves give visitors over 90,000+ hectares of wild places to explore.
