

## Wildlife Champions

A volunteer team who promote the Wildlife Trusts in the community

Will you Stand up for Wildlife?

Herts & Middlesex Wildlife Trust is recruiting volunteers to act as Wildlife Champions in the community. You will be sharing your passion for protecting wildlife at community events such as village fetes, local festivals and partner events. You will be part of a team and will enjoy talking with people at our Wildlife Trust stand.

This flexible role could see you talking to music fans at a local festival, making Water Vole masks with children at a village fete or explaining the benefits of membership to a local business. No specialist knowledge is required as full training and materials will be provided by the Trust.

Most of these events are held in the summer, so if you would like to be kept on a list for next summer please contact Hannah Lewis on 01727 858901 or email [hannah.lewis@hmwat.org](mailto:hannah.lewis@hmwat.org)

Or [register for volunteer opportunities](#) here.
