

## Green Team

The Green Team is a group of regular volunteers who meet every other Thursday at one of the Trust nature reserves to carry out a range of practical tasks.

We need volunteers to regularly help us with practical conservation work on our nature reserves. Members of the Green Team make an ongoing commitment to volunteering and receive training and support from the Trust.

The Green Team meets on Thursdays. If you are interested in finding out more about this role please contact Hannah Lewis on 01727 858901 or email [hannah.lewis@hmwat.org](mailto:hannah.lewis@hmwat.org)
