

Go4Green for World Environment Day

Get your green sleeves on!

It's World Environment Day on 5th June. More than 100 countries around the world join together to focus on the importance of the environment.

We think the best way to take action on global environmental issues is to start locally. That's where the 'Go 4 Green' campaign comes in.

Getting involved is easy! Donate £1 to wear green between now and World Environment Day to help Herts and Middlesex Wildlife Trust protect the natural environment where you live.

Top tips

- 1 Wear a green hat – best trilby or tam-o'-shanter wins a prize!
- 2 Go for the full, head-to-toe look – including face paint of course
- 3 Show your brightest and best green socks off at work – à la John Snow
- 4 Get that green fancy dress party organised. Jack and the Beanstalk? The Grinch? Yoda? It's up to you...
- 5 How about a green-themed dinner party? Only green foods, drinks and guests allowed!
- 6 Or...just wear a green t shirt for the day – what could be easier?

You can download our special campaign [poster](#) to put up at work, school or even in your scout hut! Wherever you decide to display it, make sure all your friends and family know how they can Go4Green this year too.

Send in your photos and we'll put the best ones on our website!

For more information on how you can get involved with World Environment Day or any other community event contact us on 01727 858901 or email sarah.mee@hmwt.org.
