

## Training and Workshops

Learn more about the fascinating wildlife we have all around us at our training courses run by knowledgeable and friendly staff and partners. Aimed at people of all skill levels, we'll teach you how to get closer to wildlife!

Run in collaboration with the Herts Natural History Society and the Lee Valley Regional Park Authority, our workshops are designed to:

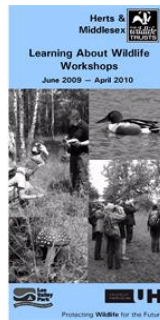

- Introduce you to new subjects and wildlife.
- Increase your awareness and knowledge of the wildlife around you.
- Develop your skills in species identification and introduce you to species recording.

Which in turn will:

- Enable you to play your part in conserving and protecting the natural world.
- Help us to monitor species on these sites. (All species recorded on the course are added to County species databases).
- Increase your enthusiasm for wildlife and encourage you to learn more!

Our workshops are open to anyone over the age of 12 with an interest in wildlife and conservation, whether you are a complete beginner or want to gain further knowledge and experience. Go to our Events Calendar (under News and Events) for details of what's on, or [click here](#).
